Learning Enrichment During the Summer

STRIVE Toledo, Inc. in partnership with The Toledo Police Department and Toledo Public Schools is sponsoring a summer fitness program that will be conducted at Woodward High School. The program is for students in 2nd through 9th grades. It is designed to enhance education performance and promote overall structured physical conditioning. Police officers will also participate side by side in physical challenges with the participants.

The program is designed to enhance positive relationships with the police, youth, educators and families of our community and to enrich learning during the summer months.

This program will provide a safe environment for youth, encourage education, provide drug awareness information, promote physical fitness, deter violence and promote confident expanded thinking.

Monetary donations are appreciated.
